PROFILE

I am A 4th-year IT student at Bicol University and expected to graduate in 2025. I do have a practical experiences in the front-end web development area and thus have developed my skills. As an aspiring web developer, I will ensure that I acquire adequate knowledge and skills that will enable me to adapt new trends in web development to improve my ability as an aspiring web developer in real world company projects.

EDUCATION

2021-2025 Bicol University

- BS INFORMATION TECHNOLOGY

EXPERIENCE

Front-end Development 2nd-year to 4th-year

- My experience comes from various tasks and projects that were assigned by my professors, which have helped me develop the skills necessary to apply my knowledge to real-world jobs.

Extracurricular Activities

- Active participant in self-learning through tutorials, online courses, and hands-on projects to expand my technical skills

UI/UX Design

- I have experience in UI/UX design, analyzing website components to enhance their appeal and efficiency. My design approach leans towards minimalism, focusing on clean, user-friendly interfaces. I am committed to continuously learning and adapting to new advancements in web development to explore and maximize my potential as a web developer.
